Dear Zach,

We want to personally thank you and ProfVal for offering the matching donations campaign and gift to ArtsAction Group. These are trying times in so many ways. We truly believe that the vision and voices of children and youth globally are critical to creating positive social change in our world. Your donation enables us to bring the arts, education and healing to these children and youth. Stay tuned via our website, social media and the occasional newsletter to see how we move forward in transferring some of our work to online platforms.

With deep gratitude and lots of love,
The ArtsAction Group Team
